New Method May Allow Country-Level Real-Time Surveillance Of Drug-Resistant Tuberculosis

Using a person-matching algorithm to link repeat and longitudinal specimens to the same individual and to the same episode of disease, the researchers linked 2,219,891 samples from the Western Cape National Health Laboratory Service in South Africa, submitted for tuberculosis testing between 2008 and 2013, to 799,779 individuals who were mappable to clinic locations. Of these individuals, 222,735 (27.8%) had microbiologically confirmed tuberculosis, and of these, 10,255 (4.6%, 95% CI: 4.6-4.7) had documented resistance to the drug rifampicin. The researchers found that the percentage of rifampicin-resistant (RR-) tuberculosis cases was spatially heterogeneous, ranging from 0% to 25% across the province, and that the percentages of RR-tuberculosis fluctuated from year to year at several locations. The researchers note that because the South African database lacks unique identifiers, these figures are approximations that are reliant on the person-matching algorithm, and that the analysis does not include data from non-clinic locations or private clinics. Still, this method for leveraging routinely collected laboratory data is a promising tool for understanding and eliminating tuberculosis. As the authors note: "In the future, this framework could allow public health providers to have near real-time surveillance of drug resistance burden, evaluate programmatic interventions, and monitor progress towards national and global tuberculosis reduction goals."

Just Think
 When you are 70 going on 80, frightening things happen. You begin to feel unwanted and unloved. Thoughts whirling in your mind. Have you outlasted your usefulness, overstayed your welcome. Are you totally dependent on those who once depended on you. Today this wall of silence and rejection is killing you slowly-slowly and very-very slowly. On the sad occasion let us light up the lamp of the minds of OLD PERSONS.

मौन का महत्व

यह कोई जरूरी नहीं कि हर प्रश्न का उत्तर बोलकर ही दिया जाये, कुछ प्रश्नों के उत्तर हमें मौन रहने से मिल जाते हैं. मौन एक साधारण बात नहीं बल्कि एक साधना है. मौन एक ऐसी शक्ति है, जो हमें किसी भी बात को गहराई से समझने की ओर काम करने की ऊर्जा देती है. चुप रहने से हमारा दिमाग ज्यादा कार्य करने लगता है और हम ठीक समय में सही निर्णय लेने में सक्षम होते हैं. यही हमारी आत्मिक शक्ति का मुख्य स्रोत है. शांत रहने से हम अन्दर से यानि दिल से सच्ची खुशी महसूस करते हैं, जिसका अंदाजा हम खुद भी नहीं लगा सकते हैं. इससे हमारी संकल्प शक्ति बढ़ती है. जब किसी परेशानी का हल असम्भव दिखाई दे तो कुछ समय मौन रहकर अकेले में बैठकर उसे आसानी से हल किया जा सकता है. मौन रहकर ही भगवान या परमात्मा से सीधी बात की जा सकती है. जीवन में खुश रहने के लिए मौन या शान्ति रखना अत्यंत आवश्यक है. मौन रहकर ही हम बहुत-सी मानसिक और शारीरिक बीमारियों से छुटकारा पा सकते हैं. प्रकृति भी हमें मौन रहना सिखाती है. हम देखते हैं सूरज चमक रहा है, चाँद-तारे चमक रहे हैं, धरती अपने स्थल पर टिकी है. ये सब मौन होकर कार्य करते हैं. कभी सूरज यह नहीं बोलता कि मैं तुम्हें ऊष्मा और ऊर्जा दे रहा हूँ और मैंने ही तुम्हें रोशनी दी है, मेरी वजह से तुम्हारा जीवन है, मैं न हूँ तो तुम मर जाओ, सूरज ऐसा कभी भी नहीं कहता है. मौन दो प्रकार का है- एक वाणी से, दूसरा मन से. वाणी को वश में रखना, कम बोलना, सही बोलना, जरूरत के हिसाब से बोलना आदि वाणी मौन कहलाता है. मन को स्थिर करना, मन में बुरे विचार न लाना, बाह्य सुख की इच्छा से मुक्त होकर अंतःसुख में मस्त होना और मन को आत्मा के वश में रखना मन का मौनव्रत कहलाता है. मौन आपके अंदर के सौन्दर्य और गहराई से जुड़ा रहता है, जितना वह संसार में लिप्त रहता है उतना ही वह स्वयं से दूर हटने लगता है. जैसे ही हम वाणी को विराम देते हैं वैसे ही धीरे-धीरे हम स्वयं के पास पहुँचने लगते हैं. मौन में वह शक्ति है जो प्राणों की ऊर्जा को अपव्यय का समापन करती है. 90 प्रतिशत मुसीबतें कम हो जायें यदि लोग थोड़ा कम बोलें. आध्यात्मिक जीवन में भी जिसने ऊँचाईयों को छुआ है, उसने मौनव्रत का सहारा अवश्य लिया है. महावीर स्वामी ने 12 वर्षों तक तथा गौतम बुद्ध ने 6 वर्षों तक मौनव्रत रखा जिसके पश्चात् उनकी वाणी दिव्य हो गयी. मौन वास्तव में वह संजीवनी शक्ति है, जिससे व्यक्ति के प्राणों की ऊर्जा का पुनः विकास एवं उत्थान होता है. मौन के निरन्तर अभ्यास से वाणी पवित्र होने लगती है और उसमें सत्यता जाग्रत होती है, ऐसा व्यक्ति वाणी से जो भी बोलता है वह सच होने लगता है. उसके व्यक्तित्व में गम्भीरता आने लगती है और मन एकाग्रता की ओर बढ़ता है. मौन जन पूर्णरूप से सिद्ध हो जाये तो मन आत्मा में विलीन हो जाता है. परिपूर्ण मौन शांति के जल में मन को आहूति है, मौन शांति का प्रतीक है. यह स्वयं को परमात्मा से जोड़ने का सबसे सहज उपाय है. आप जहाँ हो और जो भी कार्य करते हो कोशिश कीजिए कि अपनी व्यस्त दिनचर्या से कुछ समय निकालकर संकल्पबद्ध होकर मौन साधना में उतरकर परम शक्ति का अनुभव करें. मौन एक अष्ट तप है जो हमारे ऋषि-मुनियों की हमको प्रदान की गयी एक अमूल्य धरोहर है. मौन ही करुणा, आनन्द और पैसे को जन्म देता है. मौन से हमारी संवेदनशीलता बढ़ती है और याददाशत भी बढ़ती है, जब हम मौन रहते हैं तो दिमाग भी तेज होता है. मौन द्वारा हम जागरूक होते हैं तब हमारे ऊपर हमारा नियंत्रण रहता है और हम किसी बाहरी चीज से प्रभावित नहीं होते हैं. **प्रशांत मोहन, मो० 09882011313, 09736701313.**

donation of the organs and tissues of their loved one. Everyone is a HERO." Dr.Astrid Lobo Gajiwala, Director, ROTTO SOTTO Western Region, Ministry of Health & Family Welfare, Government of India added, "In supporting this campaign ROTTO hopes to 1. Promote organ and tissue donation after death so as to reduce the chasm between the need and availability of organs and tissues. 2. Debunk some of the myths attached to brain-stem death and the donation of organs and tissues after death. ROTTO-SOTTO would like to emphasize that in donating organs and tissues one can add years to the life of patients dying from end stage organ failure and bring quality life to the years of patients struggling with debilitating diseases." AIOCD ने दिनांक 1 अगस्त 2018 को Vice Chairman NITI Aayog, New Delhi को निम्न पत्र लिखा है

To,
Hon'ble Dr. Rajiv Kumar Ji
Vice Chairman-NITI Aayog
New Delhi-110011
Sub: Capping Drug Prices, News Article Reg...
Dear Sir,

All India Organization of Chemists and Druggists (AIOCD) is an apex body of about 8 lacs Chemists and Druggists spread throughout the country. The main activity comprises of protecting our members intrests, education them through seminars and workshop, to act as an interface between industry, government and trade. We represent the grievances of our members before the government's role in healthcare sector by ensuring availability of medicines in the nook & corner of the country. With refrence to news article, we wish to inform you in advance such a move of capping drug prices by reduction in total trade margin is not advisable and acceptable to us. Medicines are falling under NLEM and Non-NLEM category. The trade margin is defined in section 4 of Drugs PriceControl Order 2013. Particularly the Drug price control order is introduced in 1970 and thereafter there are many amend-ments on trade margin of medicines at several times. It is learnt, that, NITI Aayog has proposed a formula to control Drug Prices by introducing a New mechanism to cap drug prices at first point of sale and fixing a total trade margin of 24% to arrive at much surprised and the NITI Aayog recom-tion in trade margin on already very inadequate Now-a-days many organ-retailers/players are doing cines without following Cosmetics Acts and offering a huge discounts attract them. It is a very they are offering such of their pocket and creat-and unprofessional com-medicine traders. The The medicine dealers are such huge competition their revenue. In such sit-about reducing the trade margin may impact on 8.50 lakh chemist and 50 lakh dependent families and their liveli-hood. It may also leads to huge unemployment as well as impact an easy availability of the medicines in the nook and corner of the country. In spite of operating expenses have gone up multifold which has negatively impacted on earning of our trade members. Further reduction in trade margin will break their back. Please refer the following table showing comparisum of expenses head between 1995 and 2018. Since, the last provision of trade margin was incorporated in 1995 then after there was no increase in trade margin incorporated in DPCO. We Wish to draw your series attention towards the genuine issue and to seek your co-operation in getting the justice. **Our Prayer: Recommended minimum 10% margin to wholesalers & 20% Margin to Retailers on MRP on both NLEM and Non- NLEM drugs.** Expecting your favourable and timely response. **Nileshwani, Mob:- 08691091055.**

चुप रहो

घर के सबसे बड़े बुजुर्ग मुकुन्द राय अस्सी वर्ष के हो गए थे. बहुत बोलते थे. हर समस्या पर निज सुझाव देते थे. यह अलग बात है कि कोई उनकी मानता नहीं था. एक दिन उन्होंने घर वालों की फुसफुसी सुन ली, "दादा जी कब समझेंगे? कब चुप रहना सीखेंगे? मुकुन्द राय ने रात भर चिन्तन किया. अगले दिन से वे चुप हो गए. अब वे बेहद सुखी है.

बर्थ डे पार्टी

बहुत समय से मोनू मेरे यहाँ कार्यरत थे. एक वर्ष से कुछ-कुछ पैसा मेरे पास जमा करते आ रहे थे. एक दिन माँग लिया. दो दिन बाद अपने घर हेतु आमन्त्रित कर गए. शाम को पहुँचा तो वहाँ उनके नाती का जन्म दिन मनाया जा रहा था. बड़े प्यार से गरीब के घर कार्यक्रम मना. अंत में मोनू ने समझाया, "इसी दिन के लिए पैसा जमा कर रहा था. आज जाकर तसल्ली हुई."

मान-सम्मान

यह मानव जीवन का ऐसा हिस्सा है जिसे पाना न पाना अपने ही हाथ में है. हम जितना सामने वाले को सम्मान देंगे उतना ही स्वयं सम्मान पाएँगे. यदि हम अपमान देंगे तो सम्मान की आशा करने के कोई मायने ही नहीं रहते. सीधी सी बात है:- सम्मान दो-सम्मान पाओ.

कुछ अनुभव

मत सोचो इतना अपनी जिन्दगी के बारे में जिस मालिक ने जिन्दगी दी है, उस ने भी तो कुछ सोचा होगा. शिक्षा तुम्हारी सब से अच्छी मित्र है, शिक्षित व्यक्ति हर जगह सम्मान पाता है. शिक्षा हर चीज जैसे सौंदर्य, यौवन को प्राप्त कर लेती है. बिना कुछ किये, सिर्फ कल्पना करने का कोई मतलब नहीं है. बड़ी सफलता प्राप्त करने के लिए, आप को बड़ा रिस्क भी लेना पड़ता है. अतीत पर ध्यान मत दो, भविष्य के बारे में मत सोचो, अपने मन को सिर्फ वर्तमान कार्य पर केन्द्रित करो. मान लो कि अँधेरा बहुत घना है, पर दिया जलाना कहीं मना है. इन्तजार मत करो, जितना तुम सोच रहे हो, देखो जिन्दगी उससे कहीं ज्यादा तेजी से निकल रही है. सफलता उनको ही मिलती है, जिन में सपनों को साकार करने के लिए, जोरा और जुनून होता है.
