## Hema Malini And Soha Ali Khan Lead Asli HERO Campaign For Organ Donation

Organ Donation Day, saw veteran actor and favourite of a billion Indians, Hema Malini and bestselling author Soha Ali Khan appeal to citizens via twitter, to be an Asli HERO. An Asli HERO is an acronym for someone who Helps Everyone Recycle Organs. The use of the word 'Help' in the acronym 'HERO' recognises that there is an entire ecosystem that holistically makes organ donation possible. The Asli HERO campaign is jointly presented by the charitable Amar Gandhi Foundation and ROTTO SOTTO (regional and state organ and tissue transplant organisation), Mumbai, set up under the Ministry of Health & Family Welfare, Government of India. Actors Swaroop Sampat, and Pooja Chopra also joined the campaign, along with the doctors at the Amar Gandhi Foundation. Rekha Rana too pledged her support. Dr Bhupendra Gandhi of Amar Gandhi Foundation says, "The organ/tissue donation-transplantation process involves the doctors who identify and maintain the potential donor, the surgeons who retrieve the organs and tissues, the transplant coordinator who coordinates the process, and most important, the relatives, who in their time of grief allow themselves to be moved to make an altruistic donation of the organs and tissues of their loved one. Everyone is a HERO." Dr. Astrid Lobo Gajiwala, Director, ROTTO SOTTO Western Region, Ministry of Health & Family Welfare, Government of India added, "In supporting this campaign ROTTO SOTTO hopes to 1. Promote organ and tissue donation after death so as to reduce the chasm between the need and availability of organs and tissues. 2. Debunk some of the myths attached to brain-stem death and the donation of organs and tissues after death. ROTTO SOTTO would like to emphasize that in donating organs and tissues one can add years to the life of patients dying

Sub: Capping Drug Prices, News Article Reg...

Dear Sir,

All India Organization of Chemists and Druggists (AIOCD) is an apex body of about 8 lacs Chemists and Druggists spread throughout the country. The main activity comprises of protecting our members intrests, education them through seminars and workshop, to act as an interface between industry, government and trade. We represent the grievances of our members before the government's role in healthcare sector by ensuring availability of medicines in the nook & corner of the country. With refrence to news article, we wish to inform you in advance such a move of capping drug prices by reduction in total trade margin is not advisable and acceptable to us. Medicines are falling under NLEM and Non-NLEM category. The trade margin is defined in section 4 of Drugs PriceControl Order 2013. Particularly the Drug price control order is introduced in 1970 and thereafter there are many amendments on trade margin of medicines at several times. It is learnt, that, NITI Aayog has proposed a formula to control Drug Prices by introducing a New mechanism to cap drug prices at first point of sale and fixing a total trade margin of

Sr. Nos.	Major Expense Heads	1995	2018	% Increase
1	Rent			300%
2	Wages to Qualified Persons			300%
3	Electricity (A/C+ Refrigerator)			200%
4	Power Back-ups for cold chain			150%
5	Computer & Software Maintenance			300%
6	General Maintenance			200%
7	License Fees			750%
8	Accounting Charges			200%
9	Audit Fees			200%

24% to arrive at surprised and Aayog recom-trade margin on very inade-a-days many ers are doing out following Acts and Rules discounts to the It is a very offering such pocket and cre-unprofessional medicine traders. The already facing and impact on uation thinking

about reducing the trade margin may impact on 8.50 lakh chemist and 50 lakh dependent families and their livelihood. It may also leads to huge unemployment as well as impact an easy availability of the medicines in the nook and corner of the country. In spite of operating expenses have gone up multifold which has negatively impacted on earning of our trade members. Further reduction in trade margin will break their back. Please refer the following table showing comparisum of expenses head between 1995 and 2018. Since, the last provision of trade margin was incorporated in 1995 then after there was no increase in trade margin incorporated in DPCO. We Wish to draw your series attention towards the genuine issue and to seek your co-operation in getting the justice. **Our Prayer: Recommended minimum 10% margin to wholesalers & 20% Margin to Retailers on MRP on both NLEM and Non- NLEM drugs.** Expecting your favourable and timely response.

**1 करोड़ की पेनल्टी लगी**

ई-वे बिल अधूरा भरकर माल परिवहन करने वाले ट्रांसपोर्टर पर वाणिज्यिक कर विभाग ने एक करोड़ रुपये से ज्यादा की पेनल्टी लगा दी है. विभाग की कार्यवाही के खिलाफ ट्रांसपोर्टर को हाई कोर्ट ने भी राहत देने से इन्कार कर दिया है. प्रदेश में ई-वे बिल पर सबसे बड़ी पेनल्टी की कार्यवाही और उस पर आये निर्णय से विभाग के हौसले बुलंद हैं. मई में विभाग की टीम ने पुणे से इंदौर होकर नोएडा जा रहे ट्रक (एच०आर० 47 सी 2647) को पकड़ा था. ट्रक के साथ नियमानुसार ई-वे बिल नहीं था.

**पंजाब के कैमिस्टों का आन्दोलन**

प्राप्त सूत्रों के अनुसार पंजाब कैमिस्ट एसोसिएशन के महासचिव श्री सुरेन्द्र दुग्गल जी ने जानकारी दी है कि यहाँ की पुलिस और प्रशासन सभी कैमिस्टों की दुकानों की चैकिंग कर रहे हैं जो कि हमें स्वीकार नहीं है और चैकिंग करना पुलिस प्रशासन के अधिकार क्षेत्र में भी नहीं है. इसी विरोध में पंजाब एसोसिएशन द्वारा आंदोलन कर सभी कैमिस्टों ने दुकानें बन्द रखने का आहवाहन किया है. सरकार द्वारा इस विषय पर कोई संज्ञान न लेने पर यह हड़ताल आगे भी जारी रहेगी. श्री दुग्गल जी ने यह भी जानकारी दी है कि फिर भी सरकार द्वारा उचित कार्यवाही न करने पर सभी कैमिस्ट अपनी दुकान की चाबियाँ DC को सौंप देंगे. जब पंजाब नशामुक्त हो जायेगा तो फिर अपनी दुकानें खोल लेंगे. ज्ञात रहे कि पिछले दिनों पुलिस प्रशासन द्वारा पंजाब में करीब 1200 कैमिस्ट दुकानों की चैकिंग की गई लेकिन पुलिस प्रशासन का कोई भी अधिकारी ये बताने में नाकाम रहा कि कौन-सी दवा बेचनी है और कौन-सी नहीं. **राहुल भंडारी (पुणे), मो:- 09923407407.**

**Just Think**

When you are 70 going on 80, frightening things happen. You begin to feel unwanted and unloved. Thoughts whirling in your mind. Have you outlasted your usefulness, overstayed your welcome. Are you totally dependent on those who once depended on you. Today this wall of silence and rejection is killing you slowly-slowly and very-very slowly. On the sad occasion let us light up the lamp of the minds of OLD PERSONS. **DON'T FORGET TOMMOROW IS YOUR TURN.**

**New Method May Allow Country-Level Real-Time Surveillance Of Drug-Resistant Tuberculosis**

Using a person-matching algorithm to link repeat and longitudinal specimens to the same individual and to the same episode of disease, the researchers linked 2,219,891 samples from the Western Cape National Health Laboratory Service in South Africa, submitted for tuberculosis testing between 2008 and 2013, to 799,779 individuals who were mappable to clinic locations. Of these individuals, 222,735 (27.8%) had microbiologically confirmed tuberculosis, and of these, 10,255 (4.6%, 95% CI: 4.6-4.7) had documented resistance to the drug rifampicin. The researchers found that the percentage of rifampicin-resistant (RR-) tuberculosis cases was spatially heterogeneous, ranging from 0% to 25% across the province, and that the percentages of RR-tuberculosis fluctuated from year to year at several locations. The researchers note that because the South African database lacks unique identifiers, these figures are approximations that are reliant on the person-matching algorithm, and that the analysis does not include data from non-clinic locations or private clinics. Still, this method for leveraging routinely collected laboratory data is a promising tool for understanding and eliminating tuberculosis. As the authors note: "In the future, this framework could allow public health providers to have near real-time surveillance of drug resistance burden, evaluate programmatic interventions, and monitor progress towards national and global tuberculosis reduction goals."
