Always On Headphones? Know How Long You Should Use Headphones to Avoid Hearing Loss

Headphones have become a part of your life along with your mobile phones. Some of you simply love music while others use them as an excuse to avoid others. You see headphones or earphones everywhere. Your headphones or earphones have become your best friend, especially while traveling. Extreme use headphones can lead to complete hearing loss. It exposes your ears to sound which is very harmful to your ears. Listening to sounds at high volumes on headphones can cause hearing loss very easily. Some harmful effects of using headphones or earphones are: • Complete hearing loss or hearing complications • Ear infections if you share your headphones with someone • Lack of or no air passage into the ears • Pain in ears • Irritation in ears • Affect brain function **For how long you should use headphones at one go?:-** Listening to volume more than 100 dB can damage your ears within 15 minutes. But 100 dB is very high. So volume plays a crucial role while when you use headphones. You should not cross 60% of the volume of your device. Most smartphones give you a warning when you cross 60% volume. Crossing it can be dangerous to your ears. Duration is also

another factor that is considered while using headphones. You should not use headphones for longer periods. Do not exceed 60 minutes in any situation. If you are too addicted to your headphones then make it your responsibility to remove your headphones after every 30 minutes also, keep the volume on check. **Some tips to decrease the harmful effect of using headphones:-** Volume should be low:- When you hear music the volume should be low. Some people love loud music, which is extremely bad for you. Whenever you are using your headphones make

sure that the volume is low. Less exposure to high volume can prevent hearing loss up to some extent. **Take a break:-** Train yourself in such a way that you do not overuse headphones that it damages your ear. Remind yourself after every interval to remove the headphones and take a break. Many a time you do not realise for how long you have been using headphones. So set a reminder when you switch on your music to take a break after a while. After some time it will become your habit. **Try noise canceling headphones:-** You keep the volume high to avoid external sounds that distract you. But it harms your ears. Noise canceling headphones work the best in such a situation. It blocks other sounds from external sources and lets you focus on wherever you are listening. This will help you maintain low volumes while listening to music. **Choose over the ear headphones:-** There is a huge difference between using headphones and in-ear earphones. When you use in-ear earphones the distance between the eardrum and the noise becomes less which is very harmful. However, the using headphones are also dangerous for your ears but you can choose over the ear headphones than in-ear earphones.

है एक जीवट प्राणी

महाभारत के युद्ध के बाद एक बार विश्राम करते हुये युधिष्ठिर ने श्रीकृष्ण से प्रश्न किया: हे माधव, कलयुग मे जब मनुष्य लोभी व अत्याचारी होगा तब इस संसार का पालन, परोपकार व धर्म का पालन कौन करेगा? श्री कृष्ण ने उत्तर दिया: हे तात, मैं तुम्हें भविष्य वर्ग के कर्मियों के बारे में बताता हूँ.... "कलयुग मे कर्म का समुचित व संकलित आदान-प्रदान करने वाले, प्रशासक के भिन्न आर्डर्स का पालन कर प्रजा की भलाई करने वाले, बुद्धिमान, परोपकारी, परिश्रम कर्मी जन्म लेंगे जो "दवा विक्रय प्रतिनिधि" कहलाए जायेंगे जो विभिन्न कष्टदायक परिस्थितियों मे भी बिना अन्न जल के भी सूर्योदय से मध्यरात्रि तक अपने उच्चाधिकारियों के निर्देशों का पालन करेंगे..... एवम् प्रजा के जीवन को सुखमय बनाने के लिये अपने माँ-बाप, बीबी-बच्चों, कुल और देश से दूरस्थ होकर भी तथा नाना प्रकार के कष्टों को झेलते हुए इस संसार का कल्याण करेंगे..... वे पराक्रमी दवा विक्रय प्रतिनिधि प्रजाति जो विकट समस्याओं से भयभीत ना होते हुए न्यूनतम वेतन पर परिश्रम करते रहेंगे..... उच्चकुलीन, शालीन, ज्ञानवान व विनम्र होने के कारण वे कभी उच्चाधिकारियों व प्रशासक के प्रति आक्रोश करने की हिम्मत तक नहीं करेंगे तथा न्यूनतम वेतन में ही किसी प्रकार निर्वाह करने को विवश होंगे. हे तात, कालांतर में यही निरीह परंतु जीवट प्राणी... "दवा विक्रय प्रतिनिधि" कहलायेंगे तथा संसार का आर्थिक, शारीरिक, सामाजिक और चौमुखी कल्याण करेंगे.

पॉलिथिन छोड़ो- कागज अपनाओ

Rapither-AB निर्माता ने अपने इस उत्पाद का विज्ञापन करते हुए कागज के लिफाफों की एक बड़ी खेप रिटेल कैमिस्टों को स्टॉकिस्ट व Medical Reprasentative के माध्यम से भिजवायी है. कम्पनी ने अपनी इस दवा के माध्यम से यह सन्देश दिया है कि मात्र 3dose से ही Falciparum Malaria पर Attack किया जा सकता है.
