## Cipla announces the acquisition of a novel and patented anti-infective product for Indian market

**Cipla Limited Mob:- 08868060741** (BSE: 500087; NSE: CIPLA EQ; hereafter referred to as "Cipla") announces the acquisition of a novel and patented anti-infective product, Elores, from Venus Remedies Limited ("VRL") for the Indian market to further strengthen its presence in the branded Indian critical care space and as a part of its agenda to contribute to the fight against Anti-Microbial Resistance (AMR). Elores is a novel combination of Ceftriaxone (a third generation beta-lactam cephalosporin), Sulbactam (a beta-lactamase inhibitor) and Disodium EDTA (an Antibiotic Resistance Breaker) indicated for the treatment of life threatening infections caused by gram-negative bacteria. It preserves the efficacy of the antibiotic using appropriate Antibiotic Resistance Breakers (ARBs). The product was launched in India across select tertiary care hospitals in the country in 2013 after approval from the Drug Controller General of India. AMR has emerged as a critical threat to public health. At the present rate, it is estimated that as many as 10 million individuals worldwide could die annually from complications related to AMR. India carries one of the largest burdens of drug-resistant pathogens worldwide. In India, Cipla has a long history of antibiotic development from ampicillin in the 1970s to quinolones in the 1990s. More recently, Cipla introduced the extremely effective antibiotic colistin in India. Today, Cipla is the market leader in the anti-infectives segment in India, and has a large portfolio of oral and injectable anti-microbial brands that serve over 20 million patients every year. Elores will strengthen Cipla's play in branded anti-infectives. With the view to partner with patients and physicians in infection management, Cipla recently launched the 'Save Susceptibility' campaign to build awareness, enable better diagnosis and enable appropriate action and use of anti-microbials. Umang Vohra, Managing Director and Global Chief Executive Officer, Cipla, said: "Cipla has consistently been at the forefront of promoting rational and judicious use of antibiotics, and has been a leading industry voice in the fight against AMR. Elores underscores our commitment to anti-microbial stewardship and is a significant addition to our branded portfolio of anti-infectives in India. We recently acquired ZEMDRITM, and with the acquisition of Elores, we have added to our offering of new generation antibiotics. In keeping with our purpose of Caring for Life, Elores will improve patient access to innovative quality medicines and help patients battle life-threatening resistance at critical junctures." Saransh Chaudhary, CEO, Venus Medicine Research Centre, said: "VRL has been leading the research on novel anti-infectives in India. We've always viewed anti-microbial resistance (AMR) as a huge public health crisis that needs to be dealt with immediately and at all levels of the healthcare setup. Elores was our response to the problem and it has been very satisfying to see the difference that it has made in the lives of patients. I'm positive that Cipla will expand the reach of Elores to many more patients in India while ensuring a similar commitment to anti-microbial stewardship. AMR continues to be the core focus for us going forward and we hope that our consistent efforts in this space will lead to better outcomes for patients dealing with life-threatening infections."

The Indian industry visitors took full advantage to import machinery and technology for various industries. The former Prime

Minister of India Mr. Morarji Desai presided over one of the massive groups of 350 industrialists and whole heartedly appreciated Mr. Om Prakash's efforts. Similarly in 1993 the Prime Minister of Israel Mr. Shimon Peres welcomed his group of 400 agriculturists which included Indian States' Agriculture Ministers. This started the modernization of agriculture technology in 1993 in cooperation with Israel. Mr. Om Prakash never looked back since then. He expanded his activities to USA, Japan, Korea, Singapore, Thailand and China. **MICE Tours** He started many industrial Study Tours, Tours for various industries, and Incentive Tours for large Corporates and International Rotary Clubs. **शरीर में पानी की कमी होने पर दिखाई देते हैं ये 3 संकेत, जानें कैसे करें पानी की कमी पूरी**

अक्सर ऐसा कहा जाता है कि मनुष्य के शरीर का 75 फीसदी हिस्सा पानी से बना है और शरीर को स्वस्थ रखने के लिए उस हिस्से को बनाए रखना बेहद जरूरी है। स्वस्थ शरीर के लिए दिन में कम से कम 8 से 9 गिलास पानी पीना बेहद जरूरी माना जाता है। डॉक्टरों की भी राय होती है कि अगर कोई व्यक्ति रोजाना 8 से 9 गिलास पानी नहीं पीता है तो उसके शरीर में कई प्रकार की समस्याएं हो सकती हैं। ऐसा भी मुमकिन है कि शरीर में पानी की कमी कई गंभीर बीमारियों को न्यौता दे दे। लेकिन लक्षणों को पहचान पाना आपको अधिकतर नहीं हो पाती। ऐसे बहुत अंदाजा नहीं होता कि है या हो गई है। ऐसे में घातक साबित हो सकती कि शरीर में पानी की हम आपको बताने जा रहे कमी होने पर कुछ संकेत समस्या को हल कर **कमी होने पर दिखाई देते** रंग:- अक्सर जब भी होती है तो ढेर सारे हम उन्हें पहचानने में उनके बारे में पता नहीं लक्षण, जो हमें दिखाई पीला पड़ना। जब भी पेशाब का रंग आपको लीजिए कि आपके शरीर पेशाब के दौरान हल्की संकेत है कि शरीर में प्रकार की समस्या से

दरअसल जब हमारे शरीर में पानी कमी हो जाती है तो हमारा मुँह सूखने लगता है और मुँह से बाँस आने लगती है। इसके पीछे ये भी कारण है कि पानी की कमी के कारण मुँह में लार कम मात्रा में बनती है, जिसके कारण भी मुँह से बदबू आने लगती है। अगर आपके साथ भी ऐसा होता है तो तुरंत ज्यादा पानी पीना शुरू करें तभी इस समस्या से निजात मिलेगी। **सिर में दर्द होना:-** जिन व्यक्तियों के शरीर में पानी की कमी होती है उनके सिर में अक्सर दर्द रहने लगता है। अक्सर लोग इससे बचने के लिए दवाईयों का सहारा लेते हैं, जो उनके स्वास्थ्य पर प्रतिकूल प्रभाव डालता है। और बार-बार दवाईयों का सेवन आपके शरीर को भी अंदर से नुकसान पहुँचाता है। इसलिए इससे बचने का उपाय है कि आप दिन में 8 से 9 गिलास पानी जरूर पीएँ। ऐसा करने से आप सिरदर्द और अन्य बीमारियों से भी बचे रहेंगे।

**Dr. Reddy's Confirms Its Voluntary Nationwide Recall Of All Ranitidine Products In The U.S. Market**

Hyderabad, India and Princeton, NJ, USA, October 23, 2019 — **Dr. Reddy's Laboratories Ltd.** **Mob:- 09058458612, 09307668480, 09305955262, 09761760618** (BSE: 500124, NSE: DRREDDY, NYSE: RDY, along with its subsidiaries, together referred to as "Dr. Reddy's") confirms it had initiated a voluntary nationwide recall on October 1, 2019, (at the retail level for over-the-counter products and at the consumer level for prescription products) of all of its ranitidine medications sold in US due to confirmed contamination with NNitrosodimethylamine (NDMA) above levels established by the FDA. This recall follows the USFDA's caution note alerting patients and health care professionals that NDMA was found in certain samples of ranitidine. To date, Dr. Reddy's has not received any reports of adverse events related to the recall of Dr. Reddy's Ranitidine products. The recall includes all quantities in the US that are within expiry.

देवा का विश्वास : आपका कैमिस्ट आपके साथ

सावधान- मार्जिन के चक्कर में देवा की गुणवत्ता सदैव संदेहास्पद रहेगी • देवा पर सरकार द्वारा निर्धारित मार्जिन दिया जाता है. • देवा विक्रेता अपने खर्चे काटकर बहुत थोड़ा ही मार्जिन बचा पाता है. • देवा विक्रेता देवा की गुणवत्ता एवं रखरखाव का पूरा-पूरा खयाल रखता है. • देवा विक्रेता योग्य एवं सक्षम व्यक्ति द्वारा ही देवा का वितरण करता है. • देवा परामर्श महत्वपूर्ण हिस्सा है जो आपका देवा विक्रेता ही पूर्ण करता है. • ज्यादा प्रलोभन देकर आपके स्वास्थ्य के साथ खिलवाड़ हो रहा है. • सरकार द्वारा निश्चित मार्जिन से अधिक मार्जिन देना व्यापार में एकाधिकार बनाने का कार्य है. • आपका अपना नजदीकी देवा विक्रेता सदैव आपकी सेवा में तत्पर मिलता है. • आप कभी भी बाकी बची देवा वापस भी कर देते हैं.

## 44 years contribution to upgrade Indian trade & Technology through visits to international trade fairs worldwide

A tribute to the living legend

Mr. Om Prakash Director – In ORBIT Tours Pvt. Ltd.

Pioneer in India for promoting participation in International trade fairs In 1972 Mr. Om Prakash an entrepreneur visited a German trade fair and visualized the high potential of Indian participation as visitors & exhibitors. His focus was to encourage Medium and Small Scale Industrialists to get exposure about technology, raw materials, designs and comparison of Indian products with those from other countries. Ultimately to provide impetus for export of Indian products. **Focus on SSI & SMEs** In 1977 he initiated and pioneered the group promotion of international industrial trade fairs in Germany for visits of Indian SSI & SMEs. With the cooperation of Indo German Chamber of Commerce and trade Associations in India, he organised industry groups for Textiles, Plastics & Rubber, Printing, Packaging, Metals, Engineering, Electronics, Information Technology, Wood Working & Furnishing, Jewellery, Food Processing, Dairy Products, Machine Tools, Agriculture, Waste Management and many more industry exhibitions all over the world. Mr. Om Prakash's mission to promote all types of industry fairs encouraged Indian visitors in large numbers to identify & establish direct contacts with their business partners in the developed nations. As a result of Mr. Om Prakash's massive promotion, a large number of Indian visitors started to visit international trade fairs in Germany. The awareness to upgrade technology for Indian products played a key role in the development of Indian products and improvement in quality, due to visits to international trade fairs. **1992 Reforms** The scarcity of foreign exchange for import of technology prior to 1992 was a major hindrance in the advancement of Indian products for the world market. After 1992 reforms India saw a major revolution in the import policy. Indian Government encouraged technology transfer joint ventures and foreign investments in Indian industry. This helped to upgrade the quality of Indian products. **Trade Fair Organisers of Leading countries invited Om Prakash** The news of Mr. Om Prakash's successful mission of promotion of international trade fairs of Germany soon spread to other countries and he was invited by other country's trade fair organisers to promote their country's fairs for Indian exhibitors & visitors.
