Lupin Launches Ethacrynic Acid Tablets USP

Mumbai:- Pharma major **Lupin Limited** Mob:- 9456940669, 09058720074, 09219177868, 09897043043 announced the launch of Ethacrynic Acid Tablets USP, 25 mg,

having received an approval from the United States Food and Drug Administration (U.S. FDA) earlier. The product would be manufactured at Lupin's Nagpur OSD facility, India. Ethacrynic Acid Tablets USP, 25 mg, is the generic equivalent of Edecrin® Tablets, 25 mg, of Bausch Health Americas, Inc. and are indicated for the treatment of edema when an agent with greater diuretic potential than those commonly employed is required. • Treatment of the edema associated with congestive heart failure, cirrhosis of the liver, and renal disease, including the nephrotic syndrome. • Short-term management of ascites due to malignancy, idiopathic edema, and lymphedema. • Short-term management of hospitalized pediatric patients, other than infants, with congenital heart disease or the nephrotic syndrome. • Intravenous ethacrynic acid sodium is indicated when a rapid onset of diuresis is desired, e.g., in acute pulmonary edema, or when gastrointestinal absorption is impaired or oral medication is not practicable. www.lupin.com

**कोरोना के इलाज के लिए आवश्यक दवाईयां सैनिटाइजर
मास्क सामान्य मूल्य पर उपलब्ध हैं**

जौनपुर कैमिस्ट एंड कॉस्मेटिक वेलफेयर एसोसिएशन के संगठन सचिव: राजेंद्र निगम मो- 9415555194 ने जानकारी दी है कि संगठन ने विज्ञापित जारी कर लोगों को आश्वस्त किया है की आवश्यकता पड़ने पर जिले में कोरोना वायरस के इलाज के लिए आवश्यक दवाओं व इससे बचाव के लिए मास्क व सैनीटाइजर्स का पर्याप्त स्टॉक मौजूद है और आवश्यकता पड़ने पर उनकी कमी नहीं होने दी जाएगी उन्होंने उपभोक्ताओं से अपील की कि बचाव के लिए मास्क की आवश्यकता केवल संभावित मरीजों को पड़ती है. अतः इनका अनावश्यक भंडारण न करें. श्री निगम ने यह भी दावा किया की मास्क और सैनीटाइजर सामान्य मूल्यों पर जनपद के मैडिकल स्टोर्स पर उपलब्ध हैं. - महेंद्र जी, मो- 9670552710.

26 जीवनरक्षक दवाओं के निर्यात पर लगाई रोक

कैमिस्ट एसोसिएशन अध्यक्ष दुर्गेश खटवानी ने कहा है कि यह सरकार का एक सराहनीय कदम है. कोरोना के कारण चीन से आयात सीमित हो गया है. जीवनरक्षक दवाओं के उत्पादन में गिरावट हुई है. ऐसे में निर्यात को नियंत्रित करना जरूरी हो गया था. इससे देश में दवाओं की कमी नहीं होगी. कोरोना वायरस के बढ़ते संक्रमण को देखते हुए केंद्र सरकार ने पेरसिटामोल समेत 26 जीवनरक्षक दवाओं के निर्यात पर रोक लगा दी है. सरकार ने किसी भी तरह की आपात स्थिति से निपटने के लिए यह फैसला लिया है. भारत में दवा निर्माता कंपनियां दवाओं की सप्लाई बांग्लादेश, नेपाल, भूटान, अफगानिस्तान, श्रीलंका समेत अन्य देशों में करती हैं. अगले आदेश तक कंपनियां दवाओं और इनके रासायनों का निर्यात नहीं कर सकेंगी. दिल्ली, तेलंगाना और आगरा में कोरोना वायरस की पुष्टि के बाद हड़कंप मच गया है. केंद्र सरकार ने कोरोना वायरस से निपटने के लिए गाइडलाइन जारी कर दी है तो वहीं निर्यात नियमों में बदलाव करते हुए 26 दवाओं और उनके रसायन के निर्यात पर रोक लगा दी है. इसमें पेरसिटामोल, टिनिडाजोल, विटामिन बी1, बी6, बी12, हार्मोन प्रोजेस्टेरोन समेत 26 जीवनरक्षक दवाएं हैं. 3 मार्च को जारी आदेश पत्र में केंद्र सरकार ने कहा कि दवाओं की कमी न हो... इसलिए ये आदेश दिया गया है. - दुर्गेश कुमार, मो- 9412288844.

इन हर्बल और आयुर्वेदिक तरीकों से होगा जरूर हेयर रिग्रोथ

यह आम धारणा है कि बालों का झड़ना शुरू होने के बाद बाल दोबारा नहीं उगते हैं। जबकि ऐसा नहीं है। आपको यदि कोई गंभीर बीमारी है या फिर किमोथेरेपी या दवा की साइड इफेक्ट की वजह से बाल झड़ रहे हैं तो बालों का झड़ना नहीं रूक सकता और हेयर रिग्रोथ की संभावना कम होती है। लेकिन यदि इनमें से कोई भी कारण नहीं है, आप अन्दर से सेहतमंद हैं और बालों की उचित देखभाल कर रहे हैं। तो हेयर रिग्रोथ निश्चित रूप से होगी। हेयर रिग्रोथ तभी संभव है जब बालों की जड़ और उनकी कोशिकाओं को पोषण मिल रहा हो। बालों की जड़ों के पोषण में सबसे असरदार है- कुदरती उपाय। कुदरती जड़ी-बूटियों से बने तेल, पत्ते और औषधियों में ऐसे नायाब गुण होते हैं जो हेयर रिग्रोथ में काफी मदद करते हैं। हालांकि मैडीकल साइंस अब इतना विकसित कर गया है कि गंजे सिर में भी स्टेम शैल थैरेपी से बाल उगाए जा रहे हैं। बालों का प्रत्यारोपण भी किया जा रहा है। लेकिन यह उपाय काफी महंगे हैं और यह सब जगह आसानी से उपलब्ध भी नहीं है। यही कारण है कि हेयर रिग्रोथ के लिए कुदरती और आयुर्वेदिक उपाय सबसे ज्यादा प्रचलन में हैं।

अरंडी का तेल और बायोटिन थैरेपी:- बालों के झड़ने की बड़ी वजह तनाव, अवसाद और विटामिन बी-7 (बायोटिन) की कमी होती है। इस समस्या को खत्म करने के लिए बालों की जड़ में अरंडी का तेल लगाएँ और बायोटिन की गोलियाँ खाना जरूरी है। यह सबसे आसान थैरेपी है। पहली बार इसे आजमाने वाली अरंडी के तेल में नारियल तेल, जैतून का तेल या फिर कोई ऐसा तेल मिला लें जो आसानी से अरंडी के तेल में मिल जाए। अरंडी का तेल थोड़ा मोटा और गाढ़ा होता है और इसे पतला बनाने के लिए अन्य तेलों को मिलाना जरूरी होता है। जब तेल तैयार हो जाए तो इससे बालों की जड़ों की मालिश करें। अरंडी के तेल की मालिश के साथ-साथ विटामिन बी-7 या बायोटिन की गोलियाँ भी नियमित रूप से खाते रहेंगे तो 3 से 6 महीने के अन्दर बेहतर नतीजे आएँगे। बालों का बढ़ना शुरू हो जाएगा। ध्यान रहे विटामिन बी-7 की गोलियाँ 5 एमजी से ज्यादा एक दिन में नहीं खाएँ। ओवरडोज से साइड इफेक्ट भी हो सकते हैं।

विटामिन ई थैरेपी:- विटामिन बी-7 के अलावा विटामिन ई भी बालों की वृद्धि में काफी पोषण देती है। पुरुष और स्त्री दोनों के बालों के पोषण के लिए विटामिन ई थैरेपी जरूरी है। यह बालों के झड़ने की बीमारी को भी रोकता है। विटामिन ई की गोलियाँ खाने या विटामिन ई युक्त तेल बालों की जड़ में लगाने से बालों की जड़ में रक्त संचार की गति तेज होती है और बाल फिर से ग्रोथ होने लगते हैं।

गंजेपन को दूर करने और हेयर रिग्रोथ के लिए कुछ जरूरी दवाएँ:- पुरुषों के गंजेपन को दूर करने के लिए एलोपैथ में अब दवाएँ भी बनने लगी हैं। इन दवाओं को फूड एण्ड ड्रग एडमिनिस्ट्रेशन से मान्यता भी मिल चुकी है। गंजेपन के इलाज और हेयर रिग्रोथ के लिए तीन दवाएँ मुख्य रूप से प्रचलन में हैं।

हेयर रिग्रोथ के कुछ घरेलू और कुदरती उपाय:- एलोवेरा मास्क और नारियल तेल:- एलोवेरा के जूस और नारियल तेल का मिश्रण हेयर रिग्रोथ में काफी असरदार होता है। दोनों को कुछ इस तरह मिलाएँ कि यह पेस्ट की तरह बन जाए। फिर इस पेस्ट को हेयर मास्क की तरह लगाएँ। मास्क लगाने के बाद बालों की जड़ की मसाज भी करें। काफी फायदा दिखेगा।

प्याज और लहसुन:- प्याज और लहसुन में सल्फर की मात्रा पाई जाती है जो हेयर रिग्रोथ में काफी मदद करती है। इसके लिए कुछ खास नहीं करना है, बस प्याज को काटकर जूस निकाल लेना है और इस जूस से बालों के जड़ की मालिश 15 मिनट तक करनी है। दूसरी तरफ आपको कुछ लहसुन के दाने के जूस निकाल कर उसे नारियल के तेल में मिला देना है। फिर उसे कुछ देर तक उबालना है। जब यह ठंडा हो जाए तो इससे बालों के जड़ की मालिश करनी है।

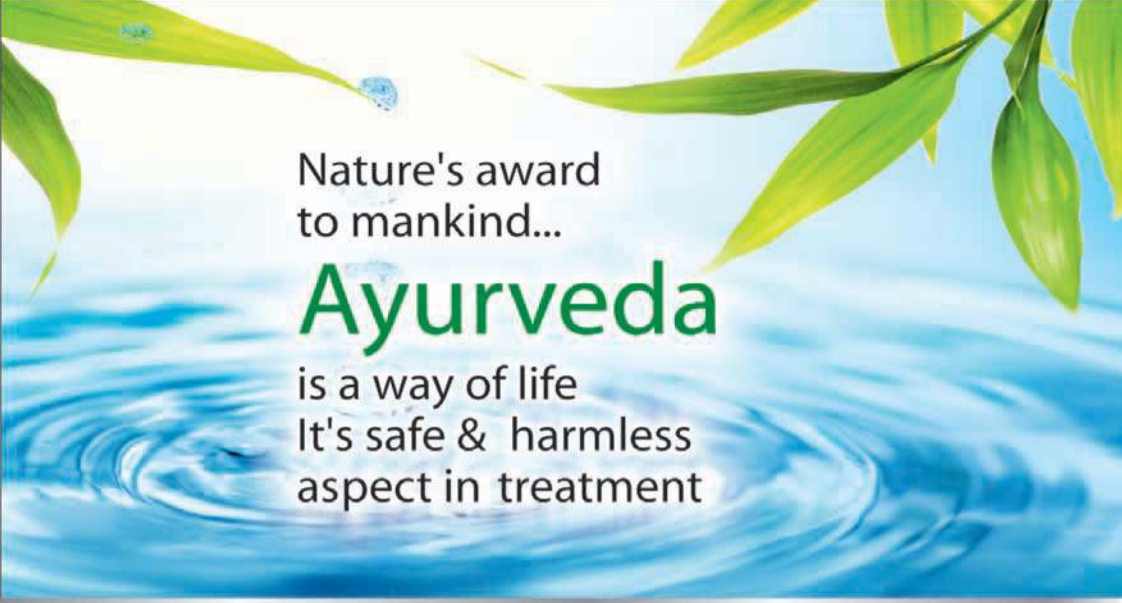

भृंगराज:- भृंगराज के तेल से बालों की मालिश करें। इससे बहुत जल्दी बाल आने लगेंगे।

जटामांसी:- इस जड़ी-बूटी का इस्तेमाल आयुर्वेद में हेयर ग्रोथ के दवा के रूप में किया जाता है। इसे आप कैप्सूल की तरह खा भी सकते हैं और इसे सीधे बालों की जड़ में लगा भी सकते हैं।

आयुर्वेदिक हेयर वाश:- आधा किलो शिकार्काई, मेथी एक पाव, करी पत्ता, तुलसी पत्ता और रीठा 100 ग्राम लें। इस सभी को मिला कर बालों को धोने लायक शैंपू बनाएँ। इससे बालों की कई परेशानी दूर होने के साथ बालों में वृद्धि भी होगी।

COMPANY Profile

BLUE STAR LABORATORIES, Mob:- 9810165707 is situated Kundli Haryana at its State of art Plant. We are engaged in offering a wide range of products from past 2 decades. Our entire rang of products includes Ayurvedic and Nutraceutical products which are manufactured in accordance to the guidelines of WHO-GMP and hence stands high in the quality. We are a fast growing company that strives to establish itself as the most efficient manufacturing organization with the view to serve the pharma sector. हर इंसान अपनी जुबान के पीछे छुपा हुआ है, अगर उसे समझना है, तो उसे बोलने दो.

मार्केट में मास्क को लेकर की जा रही कालाबाजारी मास्क की डिमांड बढ़ते ही मार्केट में इसका असर देखने को मिल रहा है. अचानक से मांग की कीमत में 3 गुणे से भी अधिक की बढ़ोतरी की गई है. जो मास्क मात्र ढाई रुपए में मिलता था वह अब 9 रुपए में मिल रहा है. क्या मास्क की कीमत बढ़ने से उसकी डिमांड पूरी हो जाती है. इस पर जांच की जा रही है, राजेश ओबरोय के मुताबिक हमारी एसोसिएशन किसी प्रकार की कालाबाजारी रोकने के लिए हमेशा से सक्रिय रही है. आज भी हमारी टीम बाजार में निकली है, और मेडिकल स्टोर संचालकों से संपर्क किया जा रहा है. मो० 9897761301.

Govt's Trade Margin Cap Proposal To Dent India's Capacity To Produce Affordable Drugs

The government's proposed move to cap trade margin of non scheduled drugs will hamper the business prospects of many pharmaceutical Micro, Small and Medium Enterprises (MSMEs) and hence will be of no benefit to the end consumer. This in turn will have an adverse impact on Indian pharma industry's capacity to produce affordable drugs. There are around 8,000 pharma MSME units in the country. The Department of Pharmaceuticals (DoP) proposal to put trade margin cap on non scheduled drugs at 30 per cent will lead to pharma MSMEs to print MRP only 30 per cent higher than the ex-factory price. Such low margins will therefore deter marketers and retailers from selling low priced products of MSMEs. Hence this seems to be disastrous for MSME growth in the country and not actually a price control measure. The proposed move is worse than the Drug Price Control Order (DPCO) 1995 which is widely considered to be a retrograde step despite 100 per cent Maximum Allowable Post Manufacturing Expenses (MAPE), said Jagdeep Singh, secretary general of Punjab Drugs Manufacturers Association (PDMA) in a letter to DoP secretary Dr P D Vaghela. Singh stated that many manufacturers, especially in the erstwhile tax holiday states, can add only up to 10 to 20 per cent to their material cost and invoice the products due to stiff competition. For instance, the material cost of ceftriaxone injection 1gm is Rs. 11 and invoicing is done at Rs. 13. The MRP under proposed trade margins shall be Rs. 4 which includes margins for promoter, distributor and retailer. Due to this, Singh further said that no promoter could possibly promote it and no retailer would sell this product for a paltry profit of Rs. 2 because when the same drug from big pharma is sold in retail at Rs. 60 under DPCO 2013 and the retailer makes a trade margin of Rs. 10. In fact, when MRPs vary to such a large extent, the lower priced drug is also considered fake. This will be an additional reason why nobody will sell the drug made by MSMEs. The government is certainly not out to promote spurious drug by closing down all such units who not only have huge capacities but also have huge loans to repay, he further said. He pointed out that capping of trade margins will not only affect the business of 50 lakh people involved in the promotion and distribution of medicines in the country but also entire 8,000 pharma MSMEs in India. All this will benefit big pharma units which have dedicated marketing set up as they invoice the product at approximately 70 per cent of MRP. It is an open secret that doctors demand amount equal to a quarter of the value of drug for prescription medicines especially when produced by MSMEs. High trade margins also go into the pockets of doctors. Similarly, retailers make a killing when they dispense branded generics from big companies. Due to profiteering by doctors at the point of care, it certainly can not be the obvious reason to close down MSMEs by a selective policy change which allows different MRPs to big drug manufacturers and different MRP to MSMEs, said PDMA secretary general. Not only are MSMEs backbone of any economy due to their employment generation potential, they have also been supporting government programmes like Jan Aushadhi for affordable drugs which big pharmaceutical units didn't comply with, he added. The letter explains that post DPCO 1995, first line antibiotics like tetracycline and clotrimazole and anti asthmatics like aminophylline vanished from the market because retailers were unwilling to stock and sell them owing to low trade margins. They were replaced by more effective third/fourth generation antibiotics, which being out of price control, were more expensive and hence offered better trade margins. The letter also links the subsequent increased use of third/fourth generation antibiotics to the misuse and increasing anti-microbial resistance. The consumer was not only 'fleeced but was put at high risk,' stated the letter.

USFDA Approval for Guaifenesin Extended-Release Tablets (OTC)

Hyderabad:- Aurobindo Pharma receives USFDA Approval for Guaifenesin Extended-Release Tablets (OTC) Aurobindo Pharma Limited is pleased to announce that the company has received final approval from the US Food & Drug Administration (USFDA) to manufacture Guaifenesin extended-release tablets, 600 mg and 1200 mg (OTC). Aurobindo's Guaifenesin extended-release tablets are the AB rated generic equivalent of RB Health (US) LLC's Mucinex® tablets. The product is expected to launch in Q4FY20. Guaifenesin extended-release tablets helps to loosen phlegm (mucus), and thin bronchial secretions to rid the bronchial passageways of bothersome mucus and make coughs more productive. The approved product has an estimated market size of US\$ 301 million for the twelve months ending July 2019, according to IRI database. This is the 10 th ANDA (including 1 tentative approval) approved out of Unit X formulation facility in Naidupet, Andhra Pradesh, India used for manufacturing oral products. Aurobindo now has a total of 419 ANDA approvals (392 Final approvals including 21 from Aurolife Pharma LLC and 27 tentative approvals) from USFDA. About Aurobindo Pharma Limited: Aurobindo Pharma Limited (www.aurobindo.com) (NSE: AUOPHARMA, BSE: 524804, Reuters: ARBN.NS, Bloomberg: ARBP:IN), headquartered at Hyderabad, India, manufactures generic pharmaceuticals and active pharmaceutical ingredients. The company's manufacturing facilities are approved by several leading regulatory agencies like US FDA, UK MHRA, Japan PMDA, WHO, Health Canada, MCC South Africa, ANVISA Brazil. The company's robust product portfolio is spread over 7 major therapeutic/product areas encompassing Antibiotics, Anti-Retrovirals, CVS, CNS, Gastroenterologicals, Anti-Allergies and Anti-Diabetics, supported by an outstanding R&D set-up. The Company is marketing these products globally, in over 150 countries. - Krishna Kiran, Phone: 040-66725401 / 66725000 Mobile: +91 98486 67906 www.aurobindo.com

India Should Urgently Find Ways To Become Self-Sufficient In Bulk-Drugs And Drug Intermediates: Experts

It is high time for government of India and for the healthcare management authorities in the country thought about a strong remedial measure for the pharmaceutical manufacturing industry to survive any possible crisis that may occur because of the grim situation that China, a dependent source of bulk drugs for India, confronts today. India is highly depending on China for 75% requirement of bulk-drugs and drug intermediates, and also highly depending on fermentation based drugs. If import of fermentation based drugs is halted, production and availability of antibiotics will come to a standstill. So, India should consider all ways to manufacture the country's requirement for all APIs without leaving a chance to depend on any foreign country. The situation created by the outbreak of coronavirus infection in China (COVID-19) teaches that lesson, according to industry leaders and policy experts. The Indian pharmaceutical sector needs to be self-reliant and self-sufficient in the production and availability of all kinds of formulations as well as all categories of bulk drugs and drug-intermediates. Today the whole world depends on China for import of active pharmaceutical ingredients (APIs). Once that country stops its foreign sale of drug intermediates, domestic production of many drugs may be halted in every country, observes Dr. PV Appaji, pharma industry policy expert and former director general of Pharmaceutical Export Promotion Council of India (Pharmexcil). According to him, about 75% of API requirements for drug manufacturing are coming from China alone. It includes mostly bulk drugs and drug intermediates for making all essential drugs. Moreover, India is extremely dependent on China for fermentation based drugs. Penicillin, amoxicillin, azithromycin, cephalosporin..etc are imported from China. "We have sufficient technology to manufacture all these APIs. About 25 years ago, five companies in India started manufactur-

ing fermentation based drugs for local requirements. But soon China reduced the prices of their products and accordingly Indian companies could not withstand the situation. Very soon they had to close down their factories because of no government support. If government protects the manufacturers, they will produce all the required APIs here. 6-Aminopenicillanic acid (6-APA) and 7-aminocephalosporanic acid (7-ACA) are important intermediates for manufacturing antibiotics. These are produced from penicillin and cephalosporin which are imported to India in intermediate forms. If their supplies are stopped, the situation will affect the production of antibiotics in India. Same will be the situation in those countries which are depending on China also", says Dr. Appaji. Dr. Viranchi Shah, president of Gujarat State Board of the Indian Drugs Manufacturer's Association (IDMA) has responded that government of India should take steps with the industry to manufacture sufficient quantity of bulk drugs needed in the country. "This is a short term crisis as we feel now, but industry has an inventory of raw materials for next two months. If the crisis continues for a long term and supplies are not coming from China, the situation will hit Indian pharma sector", he said. He, however, said the government has already started discussion with industry leaders for escalating production of bulk drugs. If proper support is given to Indian industry, 50% of the requirement can be made in India and gradually the dependence on China on APIs can be reduced. According to SV Veeramani, former president of the IDMA, all the companies have a stock of APIs for next two months and the situation in China has started improving. The factories there have reopened after their holiday due to China New Year. Corona infection has affected in the city of Wuhan only. But he said government has called industry leaders for discussion about API production. When contacted J Jayaseelan, chairman of TN IDMA, he said at present the situation created due to COVID-19 has not impacted supplies to India from China. But there is a slight increase in the prices of some products imported from China. However, import is continuing.

कोरोना वायरस को लेकर ज्यादा चिन्तित ना हों

दिल्ली के राम मनोहर लोहिया अस्पताल में 10 मार्च मंगलवार को यहां के डिपार्टमेंट में दो लोगों ने अपनी मेडिकल रिपोर्ट दिखाई तो इस रिपोर्ट में कोरोना वायरस पॉजिटिव बताया गया था. हम अगर दिल्ली की बात करें तो दिल्ली में कोई भी क्वेस सामने नहीं आया है, तो कोरोना वायरस की रिपोर्ट पॉजिटिव कैसे आ गयी? दोनों मरीज भी इस बात को लेकर हैरान, परेशान हैं, लेकिन जो डॉ. ने बताया उसे सुनकर मरीजों की जान में जान आई. वह हम आपको बता रहे हैं ताकि आपको भी कोरोना वायरस को लेकर कभी कोई कम्प्यूजन ना हो. आप आज बिना किसी डॉक्टर की सलाह के अपने मन से यूं ही कोरोना वायरस की जांच कराते हैं और रिपोर्ट अगर पॉजिटिव आती है तो क्या करना चाहिए? यह एक नया वायरस है उसका नाम है 2019 नोबेल कोरोना वायरस, 2019 के नाम से भी जाना जाता है. डॉक्टर दीपक ने बताया कि कोरोना वायरस का कोई भी क्वेस भारत में नहीं है. इसका भी एक परिवार है जिसके कई प्रकार के वायरस हैं जो पूरी दुनिया में पहले से ही 4 वर्ष पहले से ही एक्टिव हैं. लेकिन यह साधारण डायरेक्ट की तरह होते हैं. यहां तक कि संक्रमित इंसान को भी पता नहीं चलता कि उसके शरीर में यह वायरस मौजूद है. हमारा शरीर अपने आप में समझाए 4x12 कौन-कौन से हैं. वह 229 E अल्फा कोरोना वायरस, Ni63 अल्फा कोरोना वायरस, oc 43 बीटा कोरोना वायरस और एचक्यूयू 1 बीटा कोरोना वायरस हैं. इनमें से किसी एक वायरस का जिक्र कहीं तो घराने की कोई बात नहीं है, बस आपको बता दें कि आजकल दिल्ली में ऐसे कई मामले देखे जा रहे हैं, जब लोग अपने मन से किसी प्राइवेट लैब में जाकर जांच कराते हैं. उनमें कोरोनावायरस पॉजिटिव आता है, तो फिर वह परेशान हो जाते हैं. यहां पर हम आपको बता दें कि केरल में जो 3 मरीज चीन के वुहान से यहां पर आए थे उनको छोड़ दिया जाए तो अभी तक देश के किसी भी हिस्से में पूर्ण रूप से कोई क्वेस सामने नहीं आया है. मेडिकल जांच की बात है तो आप यह जान लें कि चीन वाले खुराना 12 तारीख को भी इनकी पहचान दिल्ली में सिर्फ दो जगह पर हो सकती है. पहला AIMS में और दूसरा All India Institute of Medical Science में जांच करवाए और अगर जांच में पॉजिटिव आए तो उन लोगों को जरूर अलर्ट रहने की जरूरत है, जो हाल ही में चीन या किसी अन्य देश की यात्रा पर गए हों वहां से लौटे हों अगर आप ऐसे किसी संक्रमित इंसान से मिले हों या उस इलाके में गए हों तो एलर्ट रहने की जरूरत है. ऐसे लोगों को अपने लक्षणों पर या सर्दी जुकाम होने पर डॉक्टर के पास जाना चाहिए और उन्हें कोई जरूरत नहीं है. अगर अस्पताल में भर्ती किया जा चुका है और सभी की रिपोर्ट नेगेटिव आई है, उन्हें अस्पताल से छुट्टी मिल गई है, तो नाम को लेकर बिल्कुल कम्प्यूज ना हो. खुद भी जागरूक रहें और दूसरों को भी जागरूक करें.

मास्क और हैंड सैनिटाइजर की बिक्री पर सरकार की पैनी नजर

खाद्य एवं औषधि प्रशासन विभाग ने अब उन दवा विक्रेताओं के खिलाफ अभियान चलाया है जो कि इन दिनों कोरोना वायरस के डर के चलते मार्केट में बड़ी मास्क तथा हैंड सैनिटाइजर की मांग के चलते इनकी कालाबाजारी कर रहे हैं. उल्लेखनीय है कि कोरोना वायरस के डर के चलते लोगों में इन दिनों हैंड सैनिटाइजर तथा मास्क के प्रति खासा उत्साह है और सजग नागरिक इन दिनों मास्क तथा हैंड सैनिटाइजर के प्रयोग को अधिक महत्व दे रहे हैं. यही कारण है कि बाजार में हैंड सैनिटाइजर तथा मास्क की कालाबाजारी शुरू हो गई है, जिस पर संज्ञान लेते हुए प्रदेश औषधि एवं खाद्य प्रशासन के आयुक्त एवं हरियाणा प्रदेश ड्रग कंट्रोलर जिला उपायुक्त तथा मुख्य चिकित्सा अधिकारी ने निर्देश जारी किए थे. शहर में मास्क तथा हैंड सैनिटाइजर को लेकर न तो किसी प्रकार की कालाबा. जारी की जाए न ही इनका अत्यधिक स्टॉक रखा जाए, अपने इन आदेशों का पालन करते हुए जिला के औषधि एवं खाद्य प्रशासन विभाग के अधिकारियों का शनिवार को होने वाला अवकाश भी निरस्त कर दिया गया. जिसके बाद औषधि एवं खाद्य प्रशासन की टीम ने आज जिले के विभिन्न बाजारों में छापेमारी की. इस विषय में अधिक जानकारी देते हुए वरिष्ठ औषधि नियंत्रक अधिकारी- करण गोदारा ने बताया कि उनके नेतृत्व में विभाग के छापामार दल ने अलग-अलग बाजारों में न केवल मेडिकल स्टोर्स को चेक कर यह सुनिश्चित किया कि कहीं भी मास्क तथा सैनिटाइजर का अत्यधिक स्टॉक न हो वही दुकानदारों को इस बात के लिए भी जागृत किया गया, कि यदि कोई भी दुकानदार निर्धारित मूल्य से अधिक कीमत इन दोनों उत्पादों सहित किसी भी उत्पाद की वसूल करता पाया गया तो उसके खिलाफ भी सख्त कार्रवाई की जाएगी. श्री गोदारा ने बताया कि विभाग के आयुक्त प्रदेश के औषधि नियंत्रक जिला उपायुक्त तथा सीएमओ की सख्त हिदायत है कि जिले में दोनों ही उत्पादों की कालाबा. जारी न हो पाए और इन अधिकारियों के आदेशों को लागू करने के लिए उनके विभाग की टीम पूरी तरह से प्रयासरत हैं. उन्होंने कहा कि उनकी यह छापेमारी की कार्रवाई रविवार में सोमवार सहित आगे भी जारी रहेगी और यदि कोई भी गैरकानूनी काम करते पाया गया तो उसके खिलाफ सख्त कार्रवाई की जाएगी. श्री गोदारा ने मेडिकल स्टोर संचालकों का आग्रह किया कि इस विषय परिस्थितियों में जब प्रत्येक व्यक्ति कोरोना जैसे जानलेवा वायरस से मुकाबला करने की दृढ़ इच्छाशक्ति बनाए हुए हैं तो उस कार्य में हम सभी को उनका साथ देना चाहिए और इस प्रकार की व्यवस्था करनी चाहिए कि अधिक से अधिक लोग मास्क तथा हैंड सैनिटाइजर का प्रयोग कर सकें. - राहुल शर्मा, मो. 7500981311.
